POSTMASTERS TO AID TERRITORY IN DRAFT LAW

Postmasters and sheriffs of the territory may be called on to administer oaths to registrars under the new selective draft law, when the date is set for registration of military eligible in Hawaii.

Postmaster D. H. MacAdam has just received a communication from Postmaster General A. S. Burleson, informing him that section 6 of "An Act to authorize the president to increase temporarily the military establishment of the United States contains the following provision:

"That the president is hereby authorized to utilize the service of any or all officers or agents of the United States, and of the several states and territories, in the execution of this act."

"In many cases it is impracticable to have this oath sworn before notaries public or other officers, who ordinarily administer oaths. Therefore, acting under the above authority, the president designates postmasters, sheriffs, and where convenient, other mail agents to administer these oaths."

EVEN OFFICERS FEEL PINCH OF HUNGER ON SWISS-ALSACE BORDER

(By Associated Press)
GENEVA, Switzerland.—Swiss officers on leave who have just returned here after nine months' service on the Swiss-Alsace frontier say that even the German officers in Alsace and Lorraine are suffering from hunger and when they arrive at the Swiss outposts are now glad to obtain a good meal, paying any price.

Until a few months ago the German officers, unlike the men on their frontier who are always hungry, pretended they had plenty of food but their pale faces belied the statement. Now they admit that decent food is lacking and their Swiss officer comrades though neutral are doing their best for the Germans, although the Swiss military authorities prohibit any intercourse.

If this is the case with officers the condition of the German soldier may be imagined on the frontier where the kindly Swiss are sharing their rations. One German deserter said:

"My whole company would desert and enter Switzerland but we are told by our officers that we would be returned to Germany and then shot."

HORSE DISCARDED AS ROAD-MAKING FACTOR

(By Associated Press)
LARAMIE, Wyo.—The horse has been discarded by Albany county as a factor in road improvement work. The board of county commissioners recently purchased a gasoline tractor and all the road machinery is hauled by the tractor now, the commissioners finding it swifter and more economical than horse draught.

Employees of the commission are hauled to and from work in a motor truck. So efficient is the road working system of Albany county that the state highway commission has just closed contracts with the county board for the building of 50 miles of new road and the survey of a stretch of the Lincoln highway between Laramie and Cheyenne.

The well known Japanese artist, G. Kuwahara, who has been in Hawaii for over a year, leaves on the next ship for the Orient. He had done considerable sketching and painting on the other islands as well as Oahu.

The Colombian minister for foreign affairs telegraphs that a report which has been published that Colombia is in agreement with Germany against the United States is entirely false, and that the treaty has been fully recognized by the American, British and French legations at Bogota. The government is taking full precautionary measures to maintain neutrality.

WASHINGTON, D. NORWAY TO SEND TRADE MISSION TO U. S.

(Associated Press by U. S. Naval Communication Service)

WILSON TO OUTLINE PLANS ON FLAG DAY

(Associated Press by U. S. Naval Communication Service)
WASHINGTON, D. C., June 12.—President Wilson is planning to deliver an important speech on the war and the part the United States must play in it, at the Flag Day celebration to be held in this city next Thursday, June 14.

While no intimation has leaked out as to what the president is planning to say, it is expected that he will dwell strongly upon the necessity for every individual in the country doing his or her part towards carrying the war on to a victorious conclusion.

ALLIES NOT FIGHTING FOR CONQUEST OF NATIONS

(Associated Press by U. S. Naval Communication Service)
LONDON, Eng., May 12.—Great Britain in replying to the request of Russia for a statement of the aims it has in this war says that it concurs with the Russian purpose not to be dominated by any other peoples. It is not the aim of the war to take away any national patrimony but on the contrary to prevent such taking or seizure nor can it be permitted that a power shall forcibly enter upon and occupy the country of other nations.

Continuing the statement says that Great Britain heartily joins with Russia in its acceptance and approval of the principles which were laid down and insisted upon by President Wilson in his address to the congress of the United States.

DANIELS WOULD STOP PAY OF DRUNKEN SAILORS

(Associated Press by U. S. Naval Communication Service)
WASHINGTON, D. C., June 12.—No pay for officers or men of the navy for any period they may be incapacitated for duty through intoxication or other misconduct, is a provision contained in a bill drafted by Secretary of the Navy Daniels and introduced in the house of representatives yesterday.

Other provisions of the bill raise the pay of certain classes of men in the navy. It provides for an increase for machinists and water tenders from \$40 to \$45 a month and yeomen who are stenographers capable of taking fast dictation \$10 a month.

WEALTHY INDIAN WANTS OVER HALF MILLION BONDS

(Associated Press by U. S. Naval Communication Service)
WASHINGTON, D. C., June 12.—Jackson Barnett of Henryetta, Oklahoma, the wealthiest Indian in the United States, yesterday signed an application for \$400,000 of Liberty Loan bonds through his guardian. This opens the way to other subscriptions from wealthy Indians who, while they could not subscribe on their own behalf, will now be able to do so through guardians by the same method of procedure. In Oklahoma a large part of the wealth of the state is held by Indians who have only partial control of their own property, being considered under the law as "wards of the nation."

SERIOUS SHORTAGE OF MEXICAN LABOR

(By Associated Press)
EL PASO, Texas.—Peace in Mexico and the newly imposed head tax of \$3 plus the literacy test required of all aliens at the port here, have combined to cause a serious shortage in the supply of Mexican labor for the railroads, farms and factories of the southwest.

Because of the return of peace times conditions in Mexico many Mexican laborers from Arizona, California, New Mexico and Colorado have been returning to Mexico. This has caused a shortage in the labor supply. This shortage cannot be met with immigrants from Mexico because of the \$3 head tax and literacy test now required for admission to the United States immigration department.

AUSTRALIA PLANS CHANGES

SYDNEY, Australia.—Abolition of the present system of state governorships—appointments by the British government for each of the six Australian states—are likely to be initiated by the present national or coalition government of New South Wales. It is thought that with the retirement of the present incumbent in this state, Sir Gerald Strickland, the time will be opportune for moving against a system which has been growing in unpopularity for some years past throughout the commonwealth.

Should New South Wales, the oldest state, succeed in representations to the colonial office to this end it is considered that the abolition of the post will be extended to the other states without question.

Danish newspapers are not enthusiastic about the plan due to the initiative of a Danish doctor, of accommodating 15,000 German children in Denmark. At a time when food is scarce and the Germans are sinking cargoes of foodstuffs for Denmark the plan seems to several Copenhagen papers

WILSON COMMISSIONS FORMER NAVY SECRETARY

DARING GERMAN AVIATOR DOWNED ON WEST FRONT

(Associated Press by U. S. Naval Communication Service)
AMSTERDAM, Holland, June 12.—Despatches received here yesterday told of the death of Lieut. Josef Schauberg, the German aviator. Lieutenant Schauberg, the despatches say, was the first to use an aeroplane in battle. After fighting all through the war and making almost innumerable successful flights, he was finally shot down, falling behind the German lines at Messines.

IRISH HOME RULE CONVENTION IN SESSION

(Associated Press by U. S. Naval Communication Service)
LONDON, Eng., June 12.—A convention was convened yesterday by the government for the consideration of home rule for Ireland problems. The convention is composed of 101 members from all walks of life among the Irish and from all parts of Ireland. It will select its own chairman and proceed to consider the various phases of home rule.

GERMANY HOLDS 75 AMERICANS PRISONER

(Associated Press by U. S. Naval Communication Service)
WASHINGTON, D. C., June 12.—Germany yesterday notified the United States of the status in which it holds the seventy-five men from the Moewe and declares that they are considered prisoners of war and as such will be held.

Upon receipt of the notification the United States at once arranged through Switzerland for the supply of food and other necessities for these men.

WANTS LABORITES ON EXEMPTION BOARDS

(Associated Press by U. S. Naval Communication Service)
WASHINGTON, D. C., June 12.—Strong arguments for the appointment of a representative of organized labor on all exemption boards were presented yesterday by Samuel Gompers in a letter which he sent to General Crowder. Gompers urged this point as a matter of right and justice. Labor will have its problems as well as capital, he insists, and if it is not represented on the exemption boards there will be no acknowledgment of the workers' problems. "Such a condition would offer infinite opportunities for injustice," he concludes.

POLICE DRAW WARRANT FOR ALLEGED KIDNAPER

(Associated Press by U. S. Naval Communication Service)
SPRINGFIELD, Missouri, June 12.—Thousands attended yesterday the funeral and burial of little Lloyd Keet, infant son of J. Holland Keet of this city, who was murdered by kidnappers who stole him for ransom. A warrant has been issued for the arrest of Dick Carter, twenty-six years old, who is suspected of being one of the murderers of the child and who is alleged to have wrapped the remains in blankets. The police of hundreds of cities have been asked to hunt for Carter and for another man whose name has not been made public.

AMERICAN MISSION ON WAY TO SLAV CAPITAL

(Associated Press by U. S. Naval Communication Service)
PETROGRAD, Russia, June 12.—Ethiur Root, former secretary of war under President Roosevelt, and head of the American mission to Russia, is expected to reach this city tomorrow night, according to a report made public here last night. The public generally did not know that he had left Vladivostok, and the announcement that he and the members of the mission which he heads, are so close to this city came as a complete surprise. The foreign office last night issued a statement in which it declared that "great results are anticipated here from the mission which Mr. Root heads."
